**Glocester, Rhode Island –March 2009– Earth Tech Concepts, Inc.**, a business specializing in providing software and services that **centralize and optimize activities related to environmental reporting and information delivery**, received national certification as a Women’s Business Enterprise by the Center for Women & Enterprise, a regional certifying partner of the Women’s Business Enterprise National Council (WBENC).

WBENC’s national standard of certification implemented by the Center for Women & Enterprise is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.

By including women-owned businesses among their vendors, corporations, and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

### **About Earth Tech Concepts, Inc.**

Offering software and services that simplify environmental hazard assessments, Earth Tech Concepts, Inc. is dedicated to understanding the challenges facing our customers and, using technology, answering those challenges.

As the trend toward electronic information storage and delivery continues, our customers benefit from the technology expertise Earth Tech Concepts offers. Our first product release offers licensed lead abatement and inspection business owners with an easy to use tool with automated business logic, compliant reporting and electronic distribution.

### **About WBENC**

The Women’s Business Enterprise National Council is the nation’s largest third party certifier of businesses owned and operated by women in the United States. WBENC is a resource for the more than 700 US companies and government agencies that rely on WBENC’s certification as an integral part of their supplier diversity programs.
